Equipment

Lead Vocals:

Sonja & Peter (Freeze) are both using their own **Sennheiser** wireless microphones

On big stages (8m wide or more) they like to use 2 conventional monitors extra

Backing vocals:

Pieter, Peter (guitar) & Theo are using all microphones they can get

Peter (guitar) needs a monitor + ampf. at all stages

Guitars:

Via 2x balanced XLR outputs (stereo)
Acoustic guitar via D.I.

Marshall speaker cabinet

Mesa Boogie amplifier

Line 6 POD pro effect processor

Line 6 Foot controller

Bass guitar:

Via D.I .

EBS bass speaker cabinet

SWR amplifier

BOSS effects foot controller

AKG wireless system

Drums:

Gabriel drums/ Noble & Cooley/ Istanbul Cymbals

22"x16" bass drum (**Shure** Beta 91 inside)

On the **Gibraltar** rack system:

10"x10" tom

12"x12" tom

14"x14" floor

16"x16" floor

14"x47/8 snare

13" hi-hat on the left side

Pieter is using a set of **Istanbul** cymbals:

2x Chinese

1x Ride

3x Crash

4x Splash

1x Bell

On big stages (8m wide or more) Pieter likes to use a side fill, only with bass drum and bass guitar

Sax:

Tenor saxophone

Shure dynamic microphone, wireless system

In-Ear stuff:

Pieter, Theo, Sonja & Peter are using **Ultimate ears** in-ear monitors in combination with **Sennheiser** wireless systems

We like to hear a total monitor sound (all instruments and voices) without the drums, only bass drum

Monitor mixer/ harddisc rec.:

We use a **Yamaha** harddisc recorder for key's and click-track (stereo)

We use our own 16 channel monitor mix table for the in-ear system

Total mic'ing:

3x backing vocals

1x snare

4x tom

1x hi-hat

2x overhead (big stages)

Own mics.

2x vocals wireless

1x bass drum

1x Sax wireless mic.

Total channels:

18/20
